Knight Crusader

A widespread knight variant used mainly against enemy armored forces. A mobile weapon platform with overwhelming firepower. All Crusader variants have a damage rating [DR] of 2 and can re-roll failed armor saves (second result stands). Thermal Cannons can cause fires and variants armed with the Twin Icarus Autocannon gain the anti-aircraft [AA] ability for that weapon.

Knight Errant

Based on the Knight Paladin frame, the Errant is the hunter of the most dangerous of prey – those armored with super heavy armor and weapons! Their scions are aggressive, and it is armed by powerful antiarmor weapons. All Knight Errant variants have a damage rating [DR] of 2, and can re-roll failed armor saves (second result stands). The Reaper Chainsword gains +2 to damage table rolls in close combat. Variants armed with the Twin Icarus Autocannon gain the anti-aircraft [AA] ability for that weapon.

Knight Gallant

Designed for brutal close quarters fighting, its ability to deal devastating damage in close assault can utterly cripple its foes. All Knight Gallant variants have a damage rating [DR] of 2 and can re-roll failed armor saves (second result stands). The Reaper Chainsword gains +3 to damage table rolls in close combat. Variants armed with the Twin Icarus Autocannon gain the anti-aircraft [AA] ability for that weapon. Variants armed with the Thunderstrike gauntlet gain +2 to damage table rolls in close combat and can throw a destroyed vehicle up to 15cms at another target with a -3 TSM.

Knight Magaera

The rarest of knightly types, it is a marvel of lost technology. Excelling in shock attacks and breaching heavily defended enemy positions while able to endure punishment that would destroy lesser knights. All Knight Magaera variants have a damage rating [DR] of 2 and can re-roll failed armor saves (second result stands). Variants armed with the Reaper Chainsword gain +2 to damage table rolls in close combat and those armed with the Hekaton Siege Claw gain +3 on structure damage table rolls. The Rad Cleaner weapon ignores cover [IC].

Knight Morirax

Fitted with a reactor core that grants it a limited form of shielding and permits it to field the most destructive weapons for a knight this size. All Morirax can re-roll failed armor saves (second result stands) and have one power field with an armor save of 5+. They all possess the recon [R] and Agile [AG] ability. Variants armed with the Armiger Conversion Beamer have Blast1 [B1] at short range and Blast2 [B2] at long range. Variants armed with the Gyges Siege Claw gain +2 to structure damage table rolls. The rad cleanser ignores cover [IC].

Knight Paladin

The most common of knight patterns, it is dependable and has a wide variety of weapon loadouts. Its versatility means there are few challenges it can face on the battlefield. All Knight Paladin variants have a damage rating [DR] of 2 and can re-roll failed armor saves (second result stands). The Reaper Chainsword gains +2 to damage table rolls in close combat. Variants armed with the Twin Icarus Autocannon gain the anti-aircraft [AA] ability for that weapon.

Knight Styrix

A rare and highly sophisticated knight pattern that has been engineered to efficiently destroy infantry formations and their supporting vehicles. All Knight Styrix variants have a damage rating [DR] of 2 and can re-roll failed armor saves (second result stands). The Volkite Chieorovile is a volkite [V] weapon that ignores cover [IC] and suppresses as artillery. Variants armed with the Reaper Chainsword gain +2 to damage table rolls in close combat and those armed with the Hekaton Siege Claw gain +3 to structure table rolls and the wrecker [W] trait. The rad cleanser ignores cover [IC].

Knight Warden

A knight type suited to the hunting of macro-predators often found on the homeworlds of knightly houses. They became experts in engaging xenos formation during the Crusade and can operate at a high level in tight confines such as hive cities and fortifications. All Knight Wardens have a damage rating [DR] of 2 and can re-roll failed armor saves (second result stands). The Reaper Chainsword gains +2 to damage table rolls in close combat. Variants armed with the Twin Icarus Autocannon gain the anti-aircraft [AA] ability for that weapon. Variants armed with the Thunderstrike gauntlet gain +2 to damage table rolls in close combat and can throw a destroyed vehicle up to 15cms at another target with a -3 TSM.
